Wedding Guide

About us...

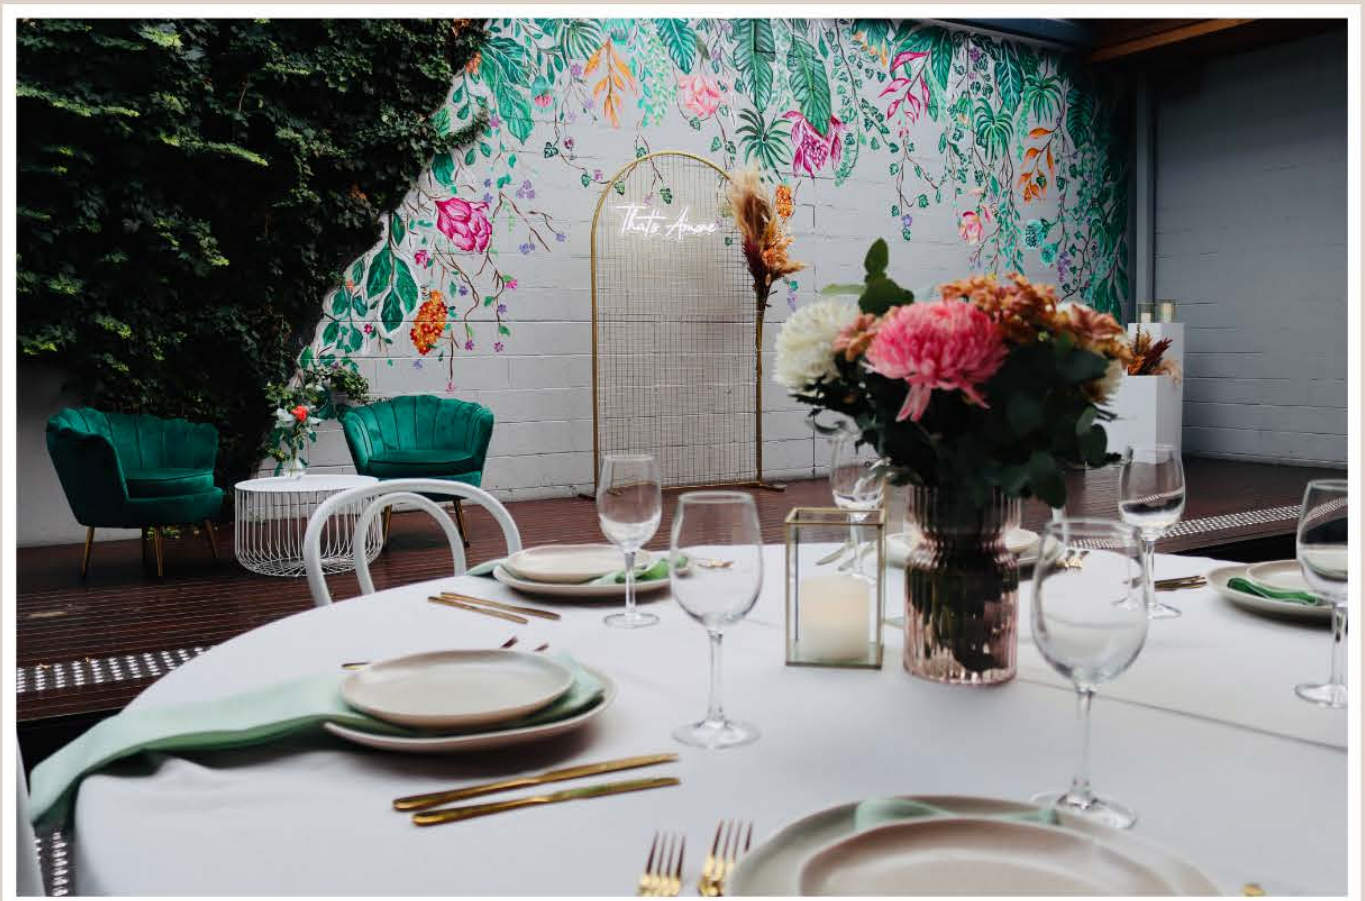

Looking for a wedding space that isn't like the rest - then Ivy at The Joiners is the perfect option.

We are a modern pub and restaurant located in Hindmarsh, South Australia. Our historic building is over 150 years old and features stunning brick walls, leadlight windows and a beautiful wall mural. We are a family run business so we understand that customer service and value for money are key.

Imagine an intimate ceremony on our deck, followed by canapes & a gin bar in our dining room and then out to the beer garden for a night of food, drinks and dancing. Perhaps you might like to take some photos in our historic front bar or maybe the bride and groom might like to enjoy a whiskey in our underground den.

Tailor your event to your needs! If you like, you can have the whole venue to yourself - your very own pub for the day!

Eat, Drink & Party

If you choose to have your wedding with us then you will have a dedicated Function Manager that will deal with you directly the whole time. To make the planning experience easy, we have also paired with Olympic Party Hire so that they can style the venue exactly as you like.

In terms of food we offer sit down (family style) or cocktail style. Our friendly kitchen is very adaptable, so speak with us about your catering and dietary requirements.

We have an excellent selection of wine, beer and spirits to make your night lots of fun. Choose between a standard or premium five hour drinks package.

In terms of music, you can connect into our AV system and play your own tunes, hire a band and use our stunning deck or bring a DJ. Given we are reasonably secluded noise is never an issue - you can keep the party going until 1 am if you choose.

And did we mention the Whiskey Den? We think you will want to see that!
